

**every
team
can make a
difference**

**Habitat
Team Building
Opportunities**

get ready for a truly rewarding experience

Habitat for Humanity Okanagan's team building opportunities offer organizations a chance to invest in their employees while making a real difference in the lives of hard-working families in the Okanagan.

Just like future Habitat owners do, your team members will come together in our Habitat ReStores, roll up their sleeves and work together to help Habitat raise critical funds to build a safe, decent, and affordable place that a family in need will one day call home.

Habitat's team building opportunities are an experience like no other. When your team arrives at our ReStore, their job titles will disappear. Employees of all skill levels - beginner to professional - will learn useful skills as they work side-by-side in a safe environment under the leadership of experienced Habitat leaders. While the work will be challenging, it will also be rewarding. Together, your team will have fun, connect with their fellow colleagues in a truly meaningful way, and leave the ReStore proud of their accomplishments, their colleagues, and their organization.

your participation will have a lasting impact

Since 1992, Habitat for Humanity Okanagan, an affiliate of Habitat for Humanity Canada has worked with organizations like yours to help families build strength, stability and independence through affordable homeownership. While this work has had a tremendous social impact, it has also helped supporters achieve their organizational goals.

Organizations who have participated in Habitat's team building opportunities have reported the following benefits:

- Enhanced company image amongst employees and customers
- Increased employee morale, collaboration and productivity Improved workplace culture
- Improved talent recruitment and retention
- Reduced absenteeism
- Leadership development
- Community engagement

In addition to building stronger teams, your participation in Habitat's team building opportunities will help build stronger families and communities.

"Our partnership with Habitat for Humanity has been extremely positive for Refresh Financial as a company and our individual team members. We had the privilege of being part of a house building project where each Refresh team member was able to volunteer a day of their time as part of the build week.

The interaction with the family who would be receiving the home was valuable and heart-warming. Our staff loved learning new skills and building comradery around such an amazing cause. Habitat is a great corporate partner that aligns with our purpose of seeing potential and impacting our community for the better.

We look forward to more opportunities to partner in the future!" -Michael Wendland

Founder/CEO Refresh Financial

of children from Habitat homeowner families attain a bachelor's degree or higher

compared to the 15% national average

of Habitat homeowners and their families are now physically active

of Habitat homeowners and their families report a reduction in food bank usage

of Habitat homeowners and their families donate their time and money to charities

Habitat homeowners experience an increase in the quality of their employment - parents worked fewer jobs with greater stability.
